

## RD Certificate Number: EWW364

### Thermic Technology Ltd - Photon Foil V33

#### Description

Photon Foil V33 is a lightweight flexible multi foil which is a vapour control layer and air leakage barrier. It is constructed from a 33mm core of high performance mineral wool encased in very low emissivity outer layers.

#### Scope of Registration

The product should be used in a prescribed manner and location as indicated by the manufacturer and installed according to their instructions and manuals. The product should be used in conjunction with other insulation materials to achieve the required thermal properties.

It is critical that a minimum 20mm air-space is retained on either side of the product.

#### Validity

This system has been checked for compliance in accordance with English and Welsh Building Regulations.

LABC Warranty also accepts its use when installed and used in accordance with and in relation to LABC Warranty's current Technical Standards.

Registration was first issued on 17/12/13 and is valid until 04/04/20 providing there are no amendments to applicable regulations.

**Issue dated** 03/04/2019
